PROFILE

Dynamic Fullstack Web Developer with a proven track record at PT. Intikom Berlian Mustika, skilled in JavaScript and API integration. Enhanced website performance through optimized code and responsive design, while fostering collaboration during code reviews. Adept at delivering user-centric solutions that drive engagement and improve functionality.

WORK EXPERIENCE

Fullstack Web Developer   2024-10 - 2025-01
PT. Intikom Berlian Mustika Jakarta, Indonesia

- Used Javascript, SQL and HTML to develop app-solutions.
- Increased website performance by optimizing front-end and back-end code for faster loading times.
- Applied responsive design principles to ensure consistent display and functionality across a wide range of devices, including mobile phones, tablets, and desktop computers.
- Created easy-to-use APIs for third-party integrations, enhancing the functionality of existing applications without compromising on performance or security.

Frontend Web Developer   2023-08 - 2024-07
PT Wiraswasta Gemilang Indonesia, Bekasi

- Worked closely with UX/UI designers to translate complex designs into functional web pages without compromising aesthetics or usability.
- Resolved front-end bugs promptly, ensuring optimal website performance at all times.
- Implemented SEO best practices in coding and content structure for improved search engine visibility.
- Provided technical support to clients during website launch, addressing any issues or concerns quickly and professionally.

UI Engineer (Intern)   2023-02 - 2023-07
Built With Angga, Jakarta

- Implemented responsive design principles, delivering a consistent user experience on various screen sizes.
- Provided constructive feedback during peer code reviews, fostering a culture of collaboration and mutual growth within the team.
- Improved conversion rates by analyzing user behavior data and refining UI elements accordingly.
- Actively participated in sprint planning meetings, ensuring alignment between project goals and deadlines while addressing potential roadblocks early on.
